Notes:

Well, were it not for all the cool CDís and Merchandise stuff this month, it

would actually be pretty light. AD Vision continues with part 2 of Gunsmith Cats,

and CPM motors along with Demon Beast Invasion 5. Software Sculptors is releasing

Dancougar this month as well: a TV robot show from 1985, weíll see how this one fares.

Zenki finishes up this month as well. The subtitled Ghost in the Shell hits this month,

and we suspect that itíll sell about as well as the dub, so you might want to stock up.

Word has it that Super Atragon is very cool, but we havenít seen it yet.

This month's releases:

JEFF'S PICK OF THE MONTH

Actually, this month is pretty simple: Weather Report Girl 1. This is a scream ...

it has about the right mix of sex and humor. Yes, itís an adult title, but not by a

whole lot. Part 2 is even better. Honorable mention surely goes to the subtitled Ghost

in the Shell, which is very cool!
